GRADING PROCEDURES: The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Academic learning (Theory) is evaluated after each unit of study. Practical assignments are evaluated as completed and counted towards course completion only when rated as a satisfactory or better. (The computer system will reflect completion of the practical assignments as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. Comprehensive practical skills evaluations are given after each assigned Class. There are more advanced class comprehensive practical skills evaluations. There are numerous comprehensive practical skills evaluations during the course of study. Comprehensive practical skills are evaluated according to text procedures and set forth in comprehensive practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and comprehensive practical skills evaluation prior to graduation. Students must make up failed or missed tests and incomplete assignments. According to the Indiana Professional Licensing Agency 820 IAC 4-4-8 SCHOOL EXAMINATIONS, all examination shall be passed with at least seventy-five percent (75%).

Theory and comprehensive practical skills evaluations will be graded on a scale from 0 to 100%. To be making satisfactory progress, a student must maintain a minimum overall grade point average of 75% (based on accumulated theory & comprehensive practical skills examinations)

Grading Scale for Written and Comprehensive Practical Skills Evaluations **ACADEMIC PROGRESS**
EVALUATION work is as follows:

93-100	Excellent
85-92	Very Good
75-84	Satisfactory
74%	or below Unsatisfactory

COMETOLOGY ONLY: The **SECOND CRITERION** to the **ACADEMIC PROGRESS EVALUATION** is the **LABORATORY WORK (PROJECT COMPLETION RATE)** Students are assigned a minimum number of practical experiences. The amount of performances is **equal to the hours** outlined by the State Board of Cosmetology Examiners. It is to be the minimum requirement only. This is found in your Official Student Progress Report Book from the State of Indiana Board of Cosmetology Examiners. (Due to our computer program not able to reflect the % of the number of projects completed at a given number of hours, we attach the Progress Status Chart to every SAP evaluation). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. Laboratory work will be graded by pass or fail. A criterion of each project is found on back of Student Salon Tickets.

The Progress Status Chart reflects the number of projects in each category that should be completed at specific completed hours of training. For a student to be making satisfactory progress, a student must maintain a minimum percentage of 75%.

The Progress Status chart grid sheet determines each student's project completion rate. Under the grid chart there are 16 categories/columns. Each represent a type of project the student must complete as part of their training. For example, haircuts, manicures, pedicures, etc. (Mnq: = mannequins) - The number of categories the student has fulfilled with the minimum required completed projects will determine the %.

On the left side of grid there are rows representing the student's respective hours starting at 500 and increasing every 100 until graduation. When the student connects their current hours with the projects they are working on, a number of completions is in that box.

If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. Comprehensive Practical Skills Evaluations are given after each assigned Class. There are more advanced class comprehensive practical skills evaluations. There are numerous comprehensive practical skill evaluations during the courses of study. Comprehensive practical skills are evaluated according to text procedures and set forth in comprehensive practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 75% and pass a FINAL written and comprehensive practical skills evaluation prior to graduation. Students must make up failed or missed tests and incomplete assignments. According to the Indiana Professional Licensing Agency 820 IAC 4-4-8 SCHOOL EXAMINATIONS, all examination shall be passed with at least seventy-five percent (75%).

Theory and comprehensive practical skills evaluations will be graded on a scale from 0 to 100%. To be making satisfactory progress, a student must maintain a minimum overall grade point average of 75% (based on accumulated theory & comprehensive practical skills evaluations).

Grading Scale for Written and Comprehensive Practical Skills Evaluations ACADEMIC PROGRESS EVALUATION work is as follows:

93-100	Excellent
85-92	Very Good
75-84	Satisfactory
74%	or below Unsatisfactory

COSMETOLOGY ONLY: The **SECOND CRITERION** to the **ACADEMIC PROGRESS EVALUATION** is the **LABORATORY WORK – (PROJECT COMPLETION RATE)** Students are assigned a minimum number of practical experiences. The amount of performances is **equal to the hours** outline by the State Board of Cosmetology Examiners. It is to be the minimum requirement only. This is found in your Official Student Progress Report Book from the State of Indiana Board of Cosmetology Examiners. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. (Due to our computer program not being able to reflect the % of the number of projects completed at a given number of hours, we attach the Progress Status Chart to every SAP evaluation). If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. Laboratory work will be graded by pass or fail. A criterion of each project is found on back of Student Salon Tickets.

The Progress Status Chart reflects the number of projects in each category that should be completed at specific completed hours of training. For a student to be making satisfactory progress, a student must maintain a minimum percentage of 75%.

The Progress Status chart grid sheet determines each student's project completion rate. Under the grid chart there are 16 categories/columns. Each represent a type of project the student must complete as part of their training. For example, haircuts, manicures, pedicures, etc. (Mnq: = mannequins) - The number of categories the student has fulfilled with the minimum required completed projects will determine the %.

On the left side of grid there are rows representing the student's respective hours starting at 500 and increasing every 100 until graduation. When the student connects their current hours with the projects they are working on, a number of completions is in that box.

We require that a student's projects be a consideration in the determination of maintaining satisfactory progress.

The determination is based on required completed project in each category. A minimum of 75% is required.

The number of categories the student has fulfilled with the minimum required completed projects will determine %.

DIRECTIONS FOR GRID:

1. Go to student's total hours on sheet.
2. Place an x by the # of hours that is closest to student's total hours.
3. Place the # of projects completed in the progress book on the sheet above the # in each category.
4. Then place an x below the # in each category equal to or above requirements.
5. Add the number of X's then circle the correct # on percentage scale.

ATTENDANCE PROGRESS EVALUATIONS: Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

In order to be a good student and employee, our first concern is attendance. That is why students are expected to attend all scheduled classes. Absences should be documented in student files/computer. Any work missed by the student during an absence must be made up.

Any student absent with no contact for 14 consecutive calendar days will be terminated from the Academy. A written notice will be sent via mail informing the student of termination and the right to retrieve their property. At the end of 30 days all equipment on the premises will be property of the Academy.

MAXIMUM TIME FRAME: The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below.

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Cosmetology (Full-time, 33 hours/weeks) -1500 clock hours	68.2	2250
Esthetics (Full-time, 33 hours/weeks) -700 clock hours	31.82	1050

The maximum time allowed for transfer student who need less than the full course requirements will be determined based on 67% of the scheduled contracted hours.

A student who exceeds this time frame loses ALL eligibility for financial assistance. **Provisional Additional Location Accreditation.** Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

DETERMINATION OF PROGRESS: Students meeting the minimum requirements for academics and attendance at the evaluation point are making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard copy of their satisfactory academic progress determination at the time of each of the evaluations. Students deemed not maintaining satisfactory academic progress may have their Title IV Funding interrupted,-unless the student is on warning or has prevailed upon appeal resulting in a status of probation. **Provisional Additional Location Accreditation.**

WARNING: Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. During this warning period, the student may schedule and retake the failed or missed examinations. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed of probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION: Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who can meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS: Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS: If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leaves of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same academic progress status as at the time of withdrawal.

APPEAL PROCESS: If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which a student may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form with supporting documentation of the reasons why the determination should be reversed. This information should include why the student failed to make satisfactory academic progress and what has changed about the student's situation that will allow them to achieve satisfactory academic by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 10 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed, and federal financial aid will be reinstated, if applicable.

NONCREDIT, REMEDIAL COURSES, REPETITIONS Noncredit, remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSFER HOURS With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

RETURN TO TITLE IV (R2T4) – PROVISIONAL ADDITIONAL LOCATION ACCREDITATION INSTITUTIONAL REFUND

Refunds are calculated by our third-party servicer (FAME Inc.,) software. This applies to all terminations for any reason, by either party, including student decision, course of program cancellation, or school closure. An institutional refund calculation is done regardless of whether the student is receiving Title IV funds or not. If a Title IV financial

aid recipient withdraws prior to the course completion, a return to Title IV calculation is also performed by the software. When a recipient withdraws prior to course completion the software will calculate to see if the Title IV aid disbursed is greater than the total Title IV aid earned in the period, by that student. This can result in a return of funds.

The percent is determined by dividing the hours scheduled, as of the last day attended, by the hours in the period. When a student completes greater than 60% of the scheduled hours in the period there would be no refund, as they have earned all the clock hours. In some cases, a student may have FSA funds that were not disbursed before the student withdrew, but they had earned the funds. This would result in a post withdraw, meaning the funds may still be applied to the student's account if accepted. If it has been determined that a refund is due, the school must return the amount of Title IV funds for which it is responsible no later than 45 days after the date of determination. The funds shall be paid back within 45 days as follows, first Stafford UN Sub, then Stafford Sub, and lastly Pell. This is done through bank reconciliation or documentation that funds were disposed of in accordance with applicable federal regulations monitored on a monthly and yearly basis.

LEAVE OF ABSENCE POLICY

The school does not discriminate in its Leave of Absence policies based on sex, race, age, color, ethnic origin, religion, marital status, or sexual orientation. The school requires each student requesting a leave to follow these guidelines:

A leave of absence must be requested and approved in writing prior to a leave of absence occurring. In addition, the student is required to list the reason for the leave of absence and submit documentation to support the reason. The student must fill out and sign an addendum to the enrollment agreement form.

A student may be granted a LOA for any of the following reasons:

1) Financial Hardship 2) Medical Issues 3) Extenuating circumstances beyond the student's control (i.e.; house fire, death, car accident, jury duty, military reasons or circumstances covered under the Family and Medical Leave Act). Documentation may include and not limited to proof of financial hardship, court order to vacate living premises or a medical request due to medical necessity.

A leave of absence must be submitted in writing prior to the time of absence unless unforeseen circumstances prevent the student from doing so. Any written request not done prior to leave of absence will need to provide documentation of the unforeseen circumstances, so that the academy may make its decision. The Academy will document the reason for its decision whether to grant the leave, collect the request from the student at a later date and establishes the start date of the approved leave of absence as the first date the student was unable to attend. The request must be signed and dated by the student and must contain the dates the student was unable to attend school.

A copy will be made and given to the student. The original is placed in the student's record file

A 30 (no less) leave may be granted; however, the student may not return prior to the ending date of their 30-day leave. The school permits more than one leave of absence in a 12-month period provided that the total numbers of days of all leaves of absences do not exceed 180 calendar days in a 12-month period.

A leave of absence must extend the student's contract period and maximum time frame by the same number of days in the leave of absence. An addendum to the enrollment agreement must be signed and dated by all parties.

A student on a leave of absence will incur no additional charges by the school. A student granted a Leave of Absence that meets these criteria's is not considered to have withdrawn, and no refund calculation is required at that time.

A student will be withdrawn if the student takes an unapproved leave of absence or does not return by the expiration of an approved leave of absence. The withdrawal date for the purpose of calculating a refund will be determined by the student's last day of physical attendance.

The State of Indiana requires students to pass all examinations prior to taking final exams. Due to this, students approved for leave of absences are required to take exams for any theory or practical classes, which were conducted during their leave.

Re-entering school, status of student's progress will remain the same.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records.

These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students." Parents or eligible students have the right to inspect and review the student's education records maintained by the school.

Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies. Parents or eligible students have the right to request that school correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions: School officials with legitimate educational interest; Other schools to which a student is transferring; Specified officials for audit or evaluation purposes; Appropriate parties in connection with financial aid to a student; Organizations conducting certain studies for or on behalf of the school; Accrediting organizations; To comply with a judicial order or lawfully issued subpoena; Appropriate officials in cases of health and safety emergencies; and State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them.
